Sonning Scout Group

Keeping you informed

Running a Scout troop, or a Cub Pack, or a Beaver Colony is all about communication. As leaders we spend our time communicating with the young people in the sections. But, we also need to communicate with parents and guardians. Traditionally when we communicate with you this has been via word of mouth or by letter, both delivered by your child. Now, we also have a website at [www.sonningscouts.co.uk](http://www.sonningscouts.co.uk) which contains information about the whole group with specific pages dedicated to each section. The following example is for the Scout section but is applicable to each of the other sections also. Just change Scouts to Cubs or Beavers.

Click on Scouts to see (again with the sub-headings)

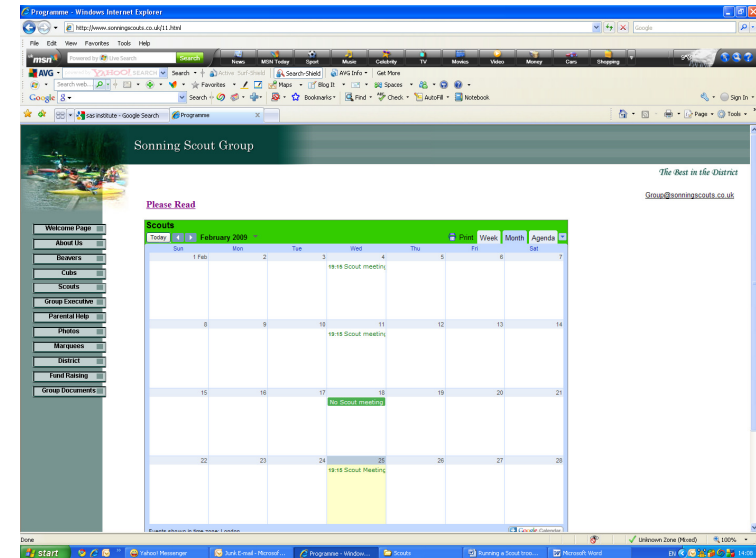

This page provides general information about the troop and gives contact information for leaders.

You may also find breaking news included at the top of the page, in this case a reminder that the meeting is at Paddicks Patch.

Remember to also check the Programme page for diary information.

The Programme page is shown below

Click on Please Read to see if we have left any last minute information.

Clicking on an item within the diary will give more information about that day's programme.

You can reformat this view to show either a week, or a month or an agenda listing – please experiment to find a view you prefer.
